The unique flavor of our hams comes from the slow smoking methods we have been faithful to for over 146 years. Starting with the best North American hams available, we slowly smoke them over corn cobs and maple wood to impart the unique smoky sweet flavor and natural juicy tenderness that our hams are famous for. All of our smoked meats and specialty foods are produced with the same level of care to ensure they represent the finest of their kind.
Serving Guide
The following numbers indicate approximate portion guides. People’s appetites vary enormously and we have no way of knowing what else you have on the menu, so please plan your servings accordingly. Suggested servings are for dinner portions. If you are serving a buffet you can double the suggested serving size.

Spiral-Sliced, Maple-Glazed Party Ham

Refrigerate: 7-10 days  Freeze: up to 2 months
This ham is fully cooked. For maximum flavor, it should be served at room temperature. **We do not recommend heating this ham.**

Serving Your Spiral Ham

To remove the slices, cut along the natural “seam” lines with the tip of a large knife (see Fig. 1). The slices will then release easily (see Fig. 2).

Whole Ham: First cut away the unsliced meat from the butt end (large end) of the ham until the aitch-bone is exposed. Use a small knife to cut the meat away from this bone, then grip and twist it to separate it from the meat (see Fig. 3). The remaining ham is pre-sliced and can be easily served.

Bone-In Dinner Ham

Refrigerate: up to 14 days  Freeze: up to 2 months
**Ready-to-Cook:** Bring your ham to room temperature and pre-heat your oven to 325°F. Place the ham on a rack or in a tray and cover with foil. Bake for 20 min. per pound or until internal temperature reaches 155°F.  
**Fully Cooked:** Bring your ham to room temperature and serve. If you prefer serving a warm ham, you can bake it on a rack in a covered roasting pan (or cover ham with foil) in a 300°F oven for 12 minutes per pound or until internal temperature reaches 120°F.

Boneless Ham & Boneless Spiral

Refrigerate: Boneless Ham up to 14 days; Boneless Spiral 7 - 10 days  Freeze: up to 2 months
These Fully Cooked Boneless Hams are best served at room temperature. **We do not recommend heating these hams.**

Harrington’s Hams

Our Corn Cob Smoked hams have been the pride and joy of family gatherings for generations. Getting rave reviews from your family and friends is as easy as following these guidelines.

When your ham arrives, you can refrigerate it for several days (see individual descriptions below) or freeze it for up to two months with no loss of flavor. A spiral-sliced ham should be wrapped in new foil before freezing. Always thaw a frozen ham in the refrigerator (two to four days, depending on the size). When unwrapping your ham, please be careful, as juices may have collected during shipping.

Harrington’s Everyday Favorites

**Montreal Style Smoked Beef**

Refrigerate: up to 2 weeks unopened, use within 5-7 days once opened.

Freeze: up to 2 months

Our lean brisket is fully cooked, sliced and ready to serve or steam for an extra special sandwich.

**Bone-In (Windsor) and Boneless Pork Chops**

Refrigerate: up to 2 weeks

Freeze: up to 2 months

Our chops are fully cooked and can be eaten at room temperature. Bone-in Windsor Chops may be heated by broiling or frying for 5 minutes per side. Great on the grill!

**Boneless Pork Loin**

Refrigerate: up to 2 weeks

Freeze: up to 2 months

Fully cooked. Can be eaten at room temperature or heated gently in an oven or on a grill. Slices can be broiled or fried or eaten at room temperature.

**Smoked Baby Back Ribs**

Refrigerate: up to 10 days

Freeze: up to 2 months

These ribs are fully cooked. Grill for five minutes per side, place in a preheated 350°F oven for 15-20 minutes.

**Peppered Pork Tenderloin**

Refrigerate: up to 2 weeks

Freeze: up to 2 months

Fully cooked and ready to serve at room temperature as a dinner, snack or special sandwich treat.

**Air Dried Beef**

Refrigerate: up to 1 month

Freeze: up to 2 months

Serve at room temperature. Delicious added to a hot cream sauce. Can also be rolled around cream cheese and horseradish and sliced as canapes.

**Ham Steaks, Ham-lettes and Ham Hocks**

Refrigerate: up to 2 weeks

Freeze: up to 2 months

These ready to cook favorites can be broiled, grilled or pan seared. Great served hot from the grill or added to omelets and casseroles.

An important note regarding our storage guidelines

Our refrigeration and freezing guidelines are based on storing our products in the original packaging. Meats that are opened and re-wrapped prior to refrigeration or freezing should be served sooner.

www.harringtonham.com 802-434-4444
Harrington’s Breakfast Meats

**Smoked Bacon**

**Refrigerate:** up to 10 days  
**Freeze:** up to 2 months

Our famous smoked bacon can be fried (our bacon fans recommend starting with a cold pan) or broiled to desired crispness. Our slab bacon can be chunked to add to beans, casseroles and soups.

**Canadian Bacon**

**Refrigerate:** up to 3 weeks  
**Freeze:** up to 2 months

Our Canadian Bacon is fully cooked and ready to be enjoyed cold or heated gently until warm all the way through.

**Country Sausage**

**Refrigerate:** This fresh product should be refrigerated immediately and can be stored up to 3-5 days.  
**Freeze:** up to 2 months

A Harrington’s specialty! Fry over a low heat until golden brown. Cook and crumble it into stuffing, sauces and soups.

Harrington’s Smoked Poultry

**Corn Cob Smoked Turkey**

**Refrigerate:** up to 10 days  
**Freeze:** up to 2 months

Whole Turkey and Turkey Breast: Our whole turkeys and bone-in turkey breasts are ready to eat and require no further cooking. We recommend you serve them thinly sliced at room temperature. They make great hors d’oeuvres.

**Corn Cob Smoked Duck, Chickens and Pheasant**

**Refrigerate:** up to 10 days  
**Freeze:** up to 2 months

These whole birds are fully cooked and ready to eat. They are best enjoyed sliced thinly and served at room temperature. Excellent for hors d’oeuvres and delicious for creating gourmet sandwiches.

**Boneless Turkey Breast**

**Refrigerate:** up to 10 days  
**Freeze:** up to 2 months

Sliced thick or thin, our Boneless Turkey Breast makes an easy entrée or great sandwiches. Fully cooked, it is best served at room temperature.

Did You Know?

It was the extraordinary taste of Harrington’s Hams that started our catalog business!

In the 1930s, we began getting phone calls every Christmas and Easter from people who had visited our Vermont smokehouse and were unable to find a ham that compared to ours back home.

Generations later, our customers continue to make serving our Corn Cob Smoked hams, turkeys and other smokehouse favorites a delicious part of their holiday and family traditions.

We guarantee 100% satisfaction

Our products are of the very highest quality and we stand behind every one. If you are not delighted with any of our products, we will offer your choice of a replacement, Harrington’s credit or refund. We also guarantee that you will get friendly, helpful service in all your contacts with us—we go the extra mile to ensure your order will be perfect!
